Our Services

Starter service (translation + verification)

Standard service (translation + verification + proofreading performed by the translator)

Premium service (standard service + proofreading performed by an independent proofreader for optimal quality)

In Premium service, your document will be proofread by your mother-tongue professional proofreader who will then evaluate your translator's work. An evaluation sheet will be transmitted to your Project Manager and/or Ya-Hub Translations and you will be able to see it.

Your work will be followed up by your project Manager then your internal examiner can check our final work. The works can be done again once without extra charge should you require it. This is our 100% satisfaction guarantee commitment.

Translations works will be sent to you in doc (Word) format.

Information

Please send us as many information as possible (briefings, campaigns, brand or project positioning, etc...).

Commitment

We may reduce the price on repetitive words and expressions by using our Memory Translation tool.

Non-Disclosure Agreement can be signed upon request between your company and Ya-Hub Translations. Our business developers, project managers and translators always sign a Non-Disclosure Agreement when starting working with us.

Ya-Hub Translations cannot be held responsible in case of dissatisfaction in standard service after the work has been checked by the Project Manager and in premium service after the work has been proofread, checked by the Project Manager then by the client's internal examiner and worked once more. Furthermore, the client's internal examiner cannot modify the original work but he/she has to indicate his/her comments on a separate document.

Confirmation

In order for us to launch the project, we will need to receive your agreement in writing (email or post). Should you need an order reference please indicate it to us before end of works and we will send you the order statement.

We will issue and send you the invoice once you will have validated the project.

Please do not hesitate to contact us for any query. We look forward to hearing from you very soon.

Best regards,
